

There's more riding on your tires than You thought.

Properly inflated tires can save money, gas and the air

It's just a simple little thing but it can mean a lot. Keeping your vehicle's tires inflated to the maximum recommended pressure can save you money by increasing your gas mileage. It can also reduce traffic congestion due to flats caused by uneven tread wear. And, proper inflation can reduce pollution by improving the operating efficiency of your engine. So keep it up because—

It all adds up to cleaner air
